

INDUSTRIAL CARDBOARD SHREDDER

Cardboard Shredder

MODEL **DMI-TX1000**

- **500mm** Cutting Width
- **15** m/min
- **2.6** KW
- 110–220V
- CE Certified

Overview & Features

A heavy-duty industrial shredder that turns waste cartons into cushioning material — reducing packaging costs and waste on site. Built for continuous operation with a wide 500 mm feed and a rugged steel body.

KEY FEATURES

Wide Feed
500 mm cutting width

Accepts large cartons with a 20 mm feed height for fast, jam-free shredding.

High Throughput
15 m/min output

Steady, high-volume production of protective cushioning from waste board.

Powerful Drive
2.6 KW · 110–220V

Robust motor delivers consistent torque for dense, multi-wall cardboard.

Industrial Build
Steel body · 5 mm groove

Rugged cabinet with emergency-stop and rotary isolator for safe operation.

CE Certified
Compliant & safe

Meets CE safety standards with clear guarding and hazard labelling.

12-Month Warranty
Backed by DMInteract

Local UAE support with easy operation — just refer to the manual.

Also available: customizable cabinet colour & logo · plywood export packaging · single-machine crate.

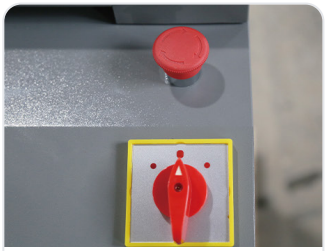

Control Panel
Safety icons & feed gauge

Output Drawer
Collects shredded output

Power Inlet
CE hazard labelling

E-Stop & Isolator
Rotary on/off switch
